

Early Adaptation Response to Climate Change: *Human Health*

Joan Ballester

Climate and Health Program (CLIMA)
Barcelona Institute for Global Health (ISGlobal)

joanballester.eu + heathealth.eu + early-adapt.eu

European Research Council

Established by the European Commission

ISGlobal **Barcelona**
Institute for
Global Health

Climate Change and Population Dynamics
Webinar organized by IUSSP, PERN and EAPS
September 16th 2021

Climate Models: from Global to Local

Earth System Models

Climate Dynamics
Climate Teleconnections
Climate Predictability

Regional Climate Models

Climate Forecasting
Early Warning Systems
(e.g. see *heathealth.eu*)
Macroeconomy

Urban Climate Models

Urban Heat Island
Air Pollution
Social Inequalities

Temperature Attributable Mortality

Martínez-Solanas et al. (2021)
Lancet Planetary Health 5, e446-e454

Tipping Points in Projections

Quijal-Zamorano et al. (2021)
Lancet Planetary Health 5, e573-e575

Inequalities in Early Adaptation

Top Row:
Cardiovascular Mortality
Achebak et al. (2019)
Lancet Planetary Health **3**, e297-e306

Bottom Row:
Respiratory Mortality
Achebak et al. (2020)
Nature Communications **11**, 2457

Inequalities in Early Adaptation

Quijal-Zamorano, Marí-Dell’Olmo et al.
Work in progress

Inequalities in Early Adaptation

Trend in Heat Attributable Mortality

Growth in Real Gross Domestic Product

Daily Health Outcomes

- Deaths
- Hospitalizations
- Pregnancy / Births
- Occupational Accidents

Daily Environmental Exposures

- Climate Variables
- Air Pollution
- Desert Dust
- Influenza-like Illnesses

Societal Data

- Social Structure
- Economy
- Demography
- Inequalities, e.g. Gender Gap

Level 2.
Countries

Many Thanks !!
